

PROPOSAL DATA ITEM DESCRIPTION (PDID)

**PDID-MCMP
CONFIGURATION MANAGEMENT PLAN**

The purpose of this PDID is to obtain from the Offeror a Configuration Management Plan (CMP) which complies with the requirements of DOD-STD-480A.

INSTRUCTIONS:

1. Submit a CMP to describe how you intend to conduct your Configuration Management Program.
2. Indicate whether the Configuration Management Program already exists or must be established. If this is an existing Program, describe how the work contemplated by this solicitation will be accommodated in consideration of existing and forecasted work. If this is to be a new Program, or, if additional resources will be required, indicate requirements and describe how those resources will be obtained.
