

PROPOSAL DATA ITEM DESCRIPTION (PDID)

PDID-MMPA MANPOWER AVAILABILITY

The purpose of this PDID is to obtain information that will be used to ascertain that the Offeror has adequately considered resource planning in submission of his proposal.

INSTRUCTIONS:

1. Show with respect to time and skills, by functional organization, how this program will be accommodated in consideration of existing and forecasted workload.
2. Provide manpower curves reflecting staffing levels by skill with and without this proposed program.
3. If additional manpower resources are required, indicate requirements by skill category and where the resources will be obtained.
4. The Offeror should indicate what sector(s), if any, of its force is affiliated with labor unions and provide a copy of each separate current union agreement.
