

## PROPOSAL DATA ITEM DESCRIPTION (PDID)

### **PDID-MMPN MANAGEMENT PROPOSAL NARRATIVE**

The purpose of this PDID is to obtain a narrative description of the Offeror's overall management approach to ensure visibility and control of the work contemplated in this solicitation.

#### INSTRUCTIONS:

1. The proposal shall present the Offeror's overall management approach and demonstrate how procedures and techniques will ensure management visibility and control. This narrative should address, among other things, the following:
  - key personnel and related experience;
  - management approaches and techniques;
  - manufacturing approaches and techniques; and,
  - procurement approaches and techniques.
2. The narrative should also include a description of interdivisional/subcontracted effort and shall describe how these elements will be managed.
3. Further, emphasis should be placed on a description how key personnel assigned to the Program will implement the management systems.
4. Finally, the narrative should complement and expand upon the information provided in other PDID submittals.
