Any assignment or attempted assignment by the Seller without said prior written consent shall be null and void; provided, however, Seller may assign its rights to be paid amounts due as a result of performance of this P.O. to a bank, trust company, or other financing institution.
- 1.2 Nothing contained in this Clause shall prohibit any party to this P.O. from assigning any or all of its respective rights, title and interest in and to this P.O. to the assigning party's successor-in-interest by way of corporate merger, consolidation or acquisition, or assignment by operation of law. Such successor expressly assumes, agrees to be bound by, and undertakes to perform each and every one of the provisions of this P.O., and further assumes all obligations and liabilities hereunder of the original party to this P.O.

2. CHANGES

- 2.1 Buyer may make changes within the general scope of this P.O. in any one or more of the following (at any time by written order):
 - (A) drawings, design or specifications where the Supplies to be furnished are to be specifically manufactured for the Buyer in accordance with the drawings, designs or specifications;
 - (B) method of shipment or packaging;
 - (C) place or time of Delivery in the United States of the Supplies to be furnished under the P.O.;
 - (D) description of Services to be performed;
 - (E) time of performance (i.e., hours of the day, days of the week, etc.);
 - (F) place of performance of the Services;
- 2.2 If any such change causes an increase or decrease in the cost of performance, or the time required for performance of the work under this P.O., an equitable adjustment shall be made in the P.O. price or Delivery schedule, or both, and this P.O. shall be modified in writing accordingly. The Seller must submit any proposal for adjustment to the P.O. price or Delivery schedule or both as provided under this Clause within forty-five (45) days from the date of receipt by Seller of the change from Buyer.
- 2.3 Where the cost of property made obsolete or excess as a result of the change is included in the settlement of Seller's proposal for adjustment, Buyer shall have the right to prescribe the manner of disposal of such property.
- 2.4 Buyer's engineering and technical representatives may from time to time render assistance to Seller concerning the Supplies or Services to be furnished pursuant to this P.O. Such representatives are not authorized to initiate a change as herein provided. No change will be binding unless issued in writing by the Buyer's authorized purchasing representative and received by Seller.
- 2.5 Upon Seller's receipt of the written change order, nothing contained in this Clause shall relieve Seller from proceeding without delay in the performance of this P.O. as changed.

3. COMPLIANCE WITH LAWS

Seller shall comply with all applicable Federal, State and local laws, and regulations in performing this P.O. 4. CONDITIONAL ACCEPTANCE OF SUPPLIES

- 4.1 Upon Delivery to the F.O.B. Destination point, the Supplies shall be conditionally accepted by the Buyer ("Conditional Acceptance"). Thereafter, the Buyer may conduct such other inspections and tests as it deems appropriate, including trials as may be provided for in the P.O., and within sixty (60) days from completion of such trials, the Buyer shall notify Seller of the acceptability of the Supplies. If Buyer does not provide written notification to the Seller within the timeframe stated above the Supplies shall be deemed conditionally accepted.
- 4.2 Any Services rendered in support of this P.O. shall be performed in a professional and workmanlike manner in accordance with the specifications referenced in the P.O. Between Conditional Acceptance and Final Acceptance, if any Supply(s)/Services are found not to conform with the requirements of the P.O., the Buyer shall have the right to (i) reject such Supply(s) and return it at Seller's expense, or (ii) require its correction, or in the case of services, re-performance.

5. CONFIDENTIALITY

- 5.1 The Seller and Buyer recognize that information disclosed to and/or acquired by each other hereunder may be confidential and/or proprietary to the disclosing party, the disclosure of which to third parties could result in irreparable harm to the party furnishing such information. The parties agree that each party has the right to seek and obtain temporary, preliminary and permanent injunctive relief to restrain any unauthorized use or disclosure of its proprietary information in addition to all other remedies available to that party in law or equity.
- 5.2 All information of a proprietary nature disclosed by one party to the other party hereto in connection with this P.O. and designated by the disclosing party by an appropriate stamp, marking, or legend as being proprietary to the disclosing party, shall be held in

Buyer may disclose such information subject to equivalent conditions of confidentiality to their suppliers or prospective suppliers to the extent necessary for defining interface characteristics of Supplies to be delivered hereunder provided that they make such disclosure and restrictions on use as contained in this Clause.

5.3 The information to be held in confidence as provided in Paragraphs 5.1 and 5.2 hereof shall not include:

- (A) any information that is in the public domain at the time of disclosure to the receiving party or thereafter comes into the public domain other than by breach by the receiving party of this P.O.; or
- (B) any information in the possession of the receiving party prior to its receipt from the disclosing party (except through prior disclosures in confidence), or which is independently developed by the receiving party without resort to the disclosed proprietary information; or
- (C) any information which the receiving party rightfully obtains from a third party without restriction; or
- (D) any information for which the disclosing party by written agreement authorizes its restricted use or disclosure.

If any portion of the party's information falls within any one of the above exceptions, the remainder shall continue to be subject to the restrictions of this Clause.

5.4 To the extent reasonably necessary for the purpose of this P.O. or the Prime Contract, a party may disclose the information of the other party to the Government provided that the disclosing party makes such disclosure subject to like conditions of confidentiality and to the restrictions set forth in Sections (b)(2) of DFARS 252.227-7013 RIGHTS IN TECHNICAL DATA NON COMMERCIAL ITEMS or such later version as the parties may agree, as appropriate, and marks the information so disclosed with the appropriate restrictive legends as provided in the said DFARS Clauses and such other marking of an industrial property right nature as the party owning the information may require, provided that such marking is not disallowed under the provisions of the Prime Contract. Buyer may furnish to the U.S. Government form, fit and function data, manuals and instructional materials as those expressions are defined in said DFARS Clause with Unlimited Rights subject to the conditions pursuant to subdivisions (b)(l) of said DFARS Clause to the extent required under the Prime Contract.

5.5 Either party disclosing or reproducing another party's information hereunder shall replicate in any reproductions made any copyright and other intellectual or industrial property right marks and legends as appear on and/or in such information. Notwithstanding anything to the contrary in the foregoing sentence, in the case of a composite work created by Buyer containing any of the said information the copyright in which vests in the Seller, the Seller hereby agrees to waive the said replication requirement if such composite work is marked with the legend:

"This is an unpublished work, the copyright in which rests in Bath Iron Works, Bath, Maine. All rights reserved."

5.6 Nothing contained herein shall be construed to prevent either party from complying with the requirement of a court or other regulatory body acting within its jurisdiction to compel disclosure, provided that in the event that either party receives a demand or any other form of compulsory process from any such court or other regulatory body requiring the disclosure of the other party's information, it shall promptly so advise the other party and cooperate to limit the disclosure to the minimum necessary to comply with the requirements of such demand or process as required by law.

6. DEFAULT

6.1 Buyer may, by written notice, terminate this P.O. in whole or in part, if the Seller:

- (A) fails to deliver the Supplies or to perform the Services within the time specified in the P.O. or any extension thereof; or
- (B) fails to make progress so as to endanger performance of this P.O.; or
- (C) fails to perform any of the other provisions of this P.O.

Buyer's right to terminate this P.O. under Subparagraphs (B) and (C) above shall be exercised if the Seller does not cure such failure within ten (10) days after receipt of "Cure Notice" from Buyer specifying the failure.

6.2 If Buyer terminates this P.O. in whole or in part by reason of Seller's default, Buyer may acquire (reprocure) under the terms and conditions and in the manner Buyer considers reasonable and appropriate such similar Supplies or Services to those terminated. The Seller shall be liable to Buyer for any excess costs for Supplies or Services so acquired, it being understood that the Seller shall continue to work on that portion not terminated. With regard to the Seller's liability for excess costs:

- (A) except for defaults by Seller's subcontractors at any tier, the Seller shall not be liable for any excess costs if the failure to perform under the P.O. arises from causes beyond the control and without the fault or negligence of the Seller. Examples of such causes include acts or omissions on the part of Buyer; acts of God; civil strife; labor strikes; actions of the Government, or any sovereign government in its sovereign or contractual capacity; fires; floods; epidemics; quarantine restrictions; or, freight embargoes.
- (B) If the delay or failure is caused by the delay or failure of a subcontractor of the Seller, and if such delay or failure arises out of causes beyond the reasonable control of both the Seller and the subcontractor, and without the fault or negligence of either of them, the Seller shall not be liable to Buyer for excess costs unless the subcontracted Supplies or Services to be furnished by the subcontractor were reasonably obtainable from other sources in sufficient time to permit the Seller to meet the required Delivery schedule.

- 6.3 If the P.O. is terminated for default, Buyer may require the Seller to transfer title and deliver to Buyer or to the Government, any (i) completed Supplies and (ii) partially completed Supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information and contract rights (collectively referred to as "manufacturing materials" in this Clause), that the Seller has specifically produced or acquired for the terminated portion of the P.O. Seller shall also protect and preserve property in its possession in which Buyer has an interest.
- 6.4 Buyer shall pay the P.O. price for completed Supplies and Services previously delivered and accepted. The parties shall agree on the amount of payment for manufacturing material delivered and accepted and for the production and preservation of the property. Failure to agree shall be deemed a dispute under the "Disputes" Clause of this P.O. The Seller may not withhold Supplies, or partially completed Supplies, materials, parts, tools, dies, jigs, fixtures, etc. pending a resolution of any such dispute.
- 6.5 If, after termination for Seller's default, it is determined that the Seller was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been for the convenience of Buyer under the Clause entitled "Termination for Convenience" of this P.O.
- 6.6 The rights and remedies of Buyer in this Clause are in addition to any other rights and remedies provided by law or under this P.O.

which Seller considers constitutes or requires a change to this P.O. and/or Buyer's Prime Contract. (A) place in satisfactory condition the warranted work;

(B) satisfactorily correct direct damage to equipment, the site, the compartment or contents thereof, which is the result of such unsatisfactory warranted work;

(C) satisfactorily correct the work, materials and equipment that are disturbed in fulfilling the warranty, including the disturbed work, materials and equipment that may have been warranted under another contract; and

The decision as to whether the Seller or Buyer will perform the warranty work shall be at the discretion of Buyer provided, however, that insofar as is practicable, the Seller shall be afforded a reasonable opportunity to inspect and correct the questioned materials, equipment or workmanship prior to the performance of the warranty work by the Buyer. When the Buyer directs the Seller to perform the warranty work, if the Seller fails to proceed promptly in accordance with the warranty, Buyer may have such work performed at the expense of the Seller.

40.3 Any Supplies, Services or parts thereof corrected, repaired, replaced or otherwise placed in a satisfactory condition shall also be subject to the conditions of this Clause to the same extent as the Supplies or Services initially accepted. The warranties for such Supplies, Services or parts thereof shall be for twelve (12) months to run from the date of Buyer's final acceptance of such corrected, repaired or replaced Supplies or Services

40.4 The Buyer and/or the Government shall have the right to purchase parts, for installation either from the Seller, or directly from the Actual Parts Manufacturer (APM) without voiding this warranty. Any special warranty that may be required under this P.O. shall be subject to the stipulations set forth above, insofar as they do not conflict with the provisions of such special warranties.

40.5 Seller shall obtain each transferable guaranty or warranty of equipment, material or installation thereof which is furnished by any manufacturer, supplier or installer in the ordinary course of the manufacturer's, supplier's or installer's business or trade. In addition, the Seller shall obtain and furnish to the Buyer all information which is required in order to make any such guaranty or warranty legally binding and effective, and shall submit both the information and the guaranty or warranty to the Buyer to meet any time limit requirements specified in the guaranty or warranty, or if no time limit is specified in the guaranty or warranty, prior to completion and acceptance of all work under the P.O.

40.6 Notwithstanding any other provision of this P.O., the Seller shall not be liable for loss of or damage to property (including the Supplies delivered under this P.O.) occurring after final acceptance of the Supplies delivered under this P.O. except those losses or that damage directly resulting from defects or deficiencies in such Supplies, and the Seller shall have no liability to the Buyer under this warranty for any consequential, special and incidental damages resulting from defects or deficiencies in the Supplies delivered under this P.O.

40.7 The foregoing limitations shall not apply when the defects or deficiencies in such Supplies or the Buyer's final acceptance of such Supplies resulted from the willful misconduct or lack of good faith on the part of the Seller's QA representatives, or its officers, directors, managers or other equivalent representatives who had supervision or direction of production and/or inspection of such Supplies.

40.8 No commercial warranty is given hereunder. All implied warranties of "merchantability" and "fitness for a particular purpose" are excluded from any obligation contained in this P.O.

40.8 Disputes arising under this Clause shall be resolved in accordance with the Clause entitled "Disputes."
