1. ASSIGNMENT

- 1.1 Neither this Purchase Order (P.O.), nor any interest herein, may be assigned in whole or in part by the Seller without the prior written consent of Buyer. Any assignment or attempted assignment by the Seller without said prior written consent shall be null and void; provided, however, Seller may assign its rights to be paid amounts due as a result of performance of this P.O. to a bank, trust company, or other financing institution.
- 1.2 Nothing contained in this Clause shall prohibit any party to this P.O. from assigning any or all of its respective rights, title and interest in and to this P.O. to the assigning party's successor-in-interest by way of corporate merger, consolidation or acquisition, or assignment by operation of law. Such successor expressly assumes, agrees to be bound by, and undertakes to perform each and every one of the provisions of this P.O., and further assumes all obligations and liabilities hereunder of the original party to this P.O.
- 1.3 All rights of the Buyer with respect to this P.O may be assigned by the Buyer to the Government, or to such other party as the Buyer or the Government may designate without change in the P.O. price except for any equitable adjustment that may arise due to changes in the place of delivery, or to any other party, without the Seller's consent.

2. CHANGES

- 2.1 Buyer may make changes within the general scope of this P.O. in any one or more of the following (at any time by written order):
 - (A) drawings, design or specifications where the Supplies to be furnished are to be specifically manufactured for the Buyer in accordance with the drawings, designs or specifications;
 - (B) method of shipment or packaging;
 - (C) place or time of Delivery in the United States of the Supplies to be furnished under the P.O.;
 - (D) description of Services to be performed;
 - (E) time of performance (i.e., hours of the day, days of the week, etc.);
 - (F) place of performance of the Services;
- 2.2 If any such change causes an increase or decrease in the cost of performance, or the time required for performance of the work under this P.O., an equitable adjustment shall be made in the P.O. price or Delivery schedule, or both, and this P.O. shall be modified in writing accordingly. The Seller must submit any proposal for adjustment to the P.O. price or Delivery schedule or both as provided under this Clause within forty-five (45) days from the date of receipt by Seller of the change from Buyer.
- 2.3 Where the cost of property made obsolete or excess as a result of the change is included in the settlement of Seller's proposal for adjustment, Buyer shall have the right to prescribe the manner of disposal of such property.
- 2.4 Buyer's engineering and technical representatives may from time to time render assistance to Seller concerning the Supplies or Services to be furnished pursuant to this P.O. Such representatives are not authorized to initiate a change as herein provided. No change will be binding unless issued in writing by the Buyer's authorized purchasing representative and received by Seller.
- 2.5 Upon Seller's receipt of the written change order, nothing contained in this Clause shall relieve Seller from proceeding without delay in the performance of this P.O. as changed.

3. COMPLIANCE WITH LAWS

Seller shall comply with all applicable Federal, State and local laws, and regulations in performing this P.O. Seller covenants to hold Buyer and its assignees harmless from, any and all costs, damages and expenses (including reasonable attorney's fees) incurred by Buyer and its assignees as a result of any failure of Seller to comply with any such laws and regulations.

4. CONDITIONAL ACCEPTANCE OF SUPPLIES

- 4.1 Upon Delivery to the F.O.B. Destination point, the Supplies shall be conditionally accepted by the Buyer ("Conditional Acceptance"). Thereafter, the Buyer may conduct such other inspections and tests as it deems appropriate, including trials as may be provided for in the P.O., and within sixty (60) days from completion of such trials, the Buyer shall notify Seller of the acceptability of the Supplies. If Buyer does not provide written notification to the Seller within the timeframe stated above the Supplies shall be deemed conditionally accepted.
- 4.2 Any Services rendered in support of this P.O. shall be performed in a professional and workmanlike manner in accordance with the specifications referenced in the P.O. Between Conditional Acceptance and Final Acceptance, if any Supply(s)/Services are found not to conform with the requirements of the P.O., the Buyer shall have the right to (i) reject such Supply(s) and return it at Seller's expense, or (ii) require its correction, or in the case of services, re-performance.
- 4.3 Buyer's acceptance of the Supplies or Services and its subsequent use thereof shall not constitute a waiver of any claim based upon the delivery of improper or defective materials or workmanship, or for delayed deliveries, or of Buyer's rights and remedies conferred with respect thereto. Any and all of the rights and remedies conferred upon the Buyer under the P.O. shall be cumulative and in addition to, and not in lieu of, the rights and remedies granted by law for Seller's breach of contract.

5. CONFIDENTIALITY

- 5.1 The Seller and Buyer recognize that information disclosed to and/or acquired by each other hereunder may be confidential and/or proprietary to the disclosing party, the disclosure of which to third parties could result in irreparable harm to the party furnishing

such information. The parties agree that each party has the right to seek and obtain temporary, preliminary and permanent injunctive relief to restrain any unauthorized use or disclosure of its proprietary information in addition to all other remedies available to that party in law or equity.

5.2 All information of a proprietary nature disclosed by one party to the other party hereto in connection with this P.O. and designated by the disclosing party by an appropriate stamp, marking, or legend as being proprietary to the disclosing party, shall be held in strict confidence by the receiving party and shall not be duplicated, used or disclosed in whole or in part for any purpose except by the Seller under equivalent conditions of confidentiality, and to the extent strictly necessary to obtain Supplies or Services in the normal course of trade for the performance of this P.O. and to comply with other terms of this P.O.; and except by Buyer to the extent strictly necessary for its intended use as required by the Government under the Prime Contract. Buyer may disclose such information subject to equivalent conditions of confidentiality to their suppliers or prospective suppliers or Program Team Members, to the extent necessary for defining interface characteristics of Supplies to be delivered hereunder provided that they make such disclosure and restrictions on use as contained in this Clause.

5.3 The information to be held in confidence as provided in Paragraphs 5.1 and 5.2 hereof shall not include:

- (A) any information that is in the public domain at the time of disclosure to the receiving party or thereafter comes into the public domain other than by breach by the receiving party of this P.O.; or
- (B) any information in the possession of the receiving party prior to its receipt from the disclosing party (except through prior disclosures in confidence), or which is independently developed by the receiving party without resort to the disclosed proprietary information; or
- (C) any information which the receiving party rightfully obtains from a third party without restriction; or
- (D) any information for which the disclosing party by written agreement authorizes its restricted use or disclosure.

If any portion of the party's information falls within any one of the above exceptions, the remainder shall continue to be subject to the restrictions of this Clause.

5.4 To the extent reasonably necessary for the purpose of this P.O. or the Prime Contract, a party may disclose the information of the other party to the Government provided that the disclosing party makes such disclosure subject to like conditions of confidentiality and to the restrictions set forth in Sections (b)(2) of DFARS 252.227-7013 RIGHTS IN TECHNICAL DATA NON COMMERCIAL ITEMS or such later version as the parties may agree, as appropriate, and marks the information so disclosed with the appropriate restrictive legends as provided in the said DFARS Clauses and such other marking of an industrial property right nature as the party owning the information may require, provided that such marking is not disallowed under the provisions of the Prime Contract. Buyer may furnish to the U.S. Government form, fit and function data, manuals and instructional materials as those expressions are defined in said DFARS Clause with Unlimited Rights subject to the conditions pursuant to subdivisions (b)(l) of said DFARS Clause to the extent required under the Prime Contract.

5.5 Either party disclosing or reproducing another party's information hereunder shall replicate in any reproductions made any copyright and other intellectual or industrial property right marks and legends as appear on and/or in such information. Notwithstanding anything to the contrary in the foregoing sentence, in the case of a composite work created by Buyer containing any of the said information the copyright in which vests in the Seller, the Seller hereby agrees to waive the said replication requirement if such composite work is marked with the legend:

"This is an unpublished work, the copyright in which rests in Bath Iron Works, Bath, Maine. All rights reserved."

5.6 Nothing contained herein shall be construed to prevent either party from complying with the requirement of a court or other regulatory body acting within its jurisdiction to compel disclosure, provided that in the event that either party receives a demand or any other form of compulsory process from any such court or other regulatory body requiring the disclosure of the other party's information, it shall promptly so advise the other party and cooperate to limit the disclosure to the minimum necessary to comply with the requirements of such demand or process as required by law.

6. DEFAULT

6.1 Buyer may, by written notice, terminate this P.O. in whole or in part, if the Seller:

- (A) fails to deliver the Supplies or to perform the Services within the time specified in the P.O. or any extension thereof; or
- (B) fails to make progress so as to endanger performance of this P.O.; or
- (C) fails to perform any of the other provisions of this P.O.
- (D) declares bankruptcy, suspends its business operation, or initiates any reorganization and/or arrangement for the benefit of its creditors.

Buyer's right to terminate this P.O. under Subparagraphs (B) and (C) above shall be exercised if the Seller does not cure such failure within ten (10) days after receipt of "Cure Notice" from Buyer specifying the failure.

6.2 If Buyer terminates this P.O. in whole or in part by reason of Seller's default, Buyer may acquire (reprocure) under the terms and conditions and in the manner Buyer considers reasonable and appropriate such similar Supplies or Services to those terminated. The Seller shall be liable to Buyer for any excess costs for Supplies or Services so acquired, it being understood that the Seller shall continue to work on that portion not terminated. With regard to the Seller's liability for excess costs:

- (A) except for defaults by Seller's subcontractors at any tier, the Seller shall not be liable for any excess costs if the failure to perform under the P.O. arises from causes beyond the control and without the fault or negligence of the Seller. Examples of

such causes include acts or omissions on the part of Buyer; acts of God; civil strife; labor strikes; actions of the Government, or any sovereign government in its sovereign or contractual capacity; fires; floods; epidemics; quarantine restrictions; or, freight embargoes.

- (B) If the delay or failure is caused by the delay or failure of a subcontractor of the Seller, and if such delay or failure arises out of causes beyond the reasonable control of both the Seller and the subcontractor, and without the fault or negligence of either of them, the Seller shall not be liable to Buyer for excess costs unless the subcontracted Supplies or Services to be furnished by the subcontractor were reasonably obtainable from other sources in sufficient time to permit the Seller to meet the required Delivery schedule.
- 6.3 If the P.O. is terminated for default, Buyer may require the Seller to transfer title and deliver to Buyer or to the Government, any (i) completed Supplies and (ii) partially completed Supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information and contract rights (collectively referred to as "manufacturing materials" in this Clause), that the Seller has specifically produced or acquired for the terminated portion of the P.O. Seller shall also protect and preserve property in its possession in which Buyer has an interest.
- 6.4 Buyer shall pay the P.O. price for completed Supplies and Services previously delivered and accepted. The parties shall agree on the amount of payment for manufacturing material delivered and accepted and for the production and preservation of the property. Failure to agree shall be deemed a dispute under the "Disputes" Clause of this P.O. The Seller may not withhold Supplies, or partially completed Supplies, materials, parts, tools, dies, jigs, fixtures, etc. pending a resolution of any such dispute.
- 6.5 If, after termination for Seller's default, it is determined that the Seller was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been for the convenience of Buyer under the Clause entitled "Termination for Convenience" of this P.O.
- 6.6 The rights and remedies of Buyer in this Clause are in addition to any other rights and remedies provided by law or under this P.O.

ACCESS TO PROPRIETARY DATA OR COMPUTER SOFTWARE (NAVSEA) (JUN 1994)

- (a) Performance under this contract may require that the Contractor have access to technical data, computer software, or other sensitive data of another party who asserts that such data or software is proprietary. If access to such data or software is required or to be provided, the Contractor shall enter into a written agreement with such party prior to gaining access to such data or software. The agreement shall address, at a minimum, (1) access to, and use of, the

proprietary data or software exclusively for the purposes of performance of the work required by this contract, and (2) safeguards to protect such data or software from unauthorized use or disclosure for so long as the data or software remains proprietary. In addition, the agreement shall not impose any limitation upon the Government or its employees with respect to such data or software. A copy of the executed agreement shall be provided to the Contracting Officer. The Government may unilaterally modify the contract to list those third parties with which the Contractor has agreement(s).

- (b) The Contractor agrees to: (1) indoctrinate its personnel who will have access to the data or software as to the restrictions under which access is granted; (2) not disclose the data or software to another party or other Contractor personnel except as authorized by the Contracting Officer; (3) not engage in any other action, venture, or employment wherein this information will be used, other than under this contract, in any manner inconsistent with the spirit and intent of this requirement; (4) not disclose the data or software to any other party, including, but not limited to, joint ventures, affiliate, successor, or assign of the Contractor; and (5) reproduce the restrictive stamp, marking, or legend on each use of the data or software whether in whole or in part.
- (c) The restrictions on use and disclosure of the data and software described above also apply to such information received from the Government through any means to which the Contractor has access in the performance of this contract that contains proprietary or other restrictive markings.
- (d) The Contractor agrees that it will promptly notify the Contracting Officer of any attempt by an individual, company, or Government representative not directly involved in the effort to be performed under this contract to gain access to such proprietary information. Such notification shall include the name and organization of the individual, company, or Government representative seeking access to such information.
- (e) The Contractor shall include this requirement in subcontracts of any tier which involve access to information covered by paragraph (a), substituting "subcontractor" for "Contractor" where appropriate.
- (f) Compliance with this requirement is a material requirement of this contract.

COMPUTER SOFTWARE AND/OR COMPUTER DATABASE(S) DELIVERED TO AND/OR RECEIVED FROM THE GOVERNMENT (NAVSEA) (APR 2004)

(a) The Contractor agrees to test for viruses all computer software and/or computer databases, as defined in the clause entitled "RIGHTS IN NONCOMMERCIAL COMPUTER SOFTWARE AND NONCOMMERCIAL COMPUTER SOFTWARE DOCUMENTATION" (DFARS 252.227-7014), before delivery of that computer software or computer database in whatever media and on whatever system the software is delivered. The Contractor warrants that any such computer software and/or computer database will be free of viruses when delivered.

(b) The Contractor agrees to test any computer software and/or computer database(s) received from the Government for viruses prior to use under this contract.

(c) Unless otherwise agreed in writing, any license agreement governing the use of any computer software to be delivered as a result of this contract must be paid-up and perpetual, or so nearly perpetual as to allow the use of the computer software or computer data base with the equipment for which it is obtained, or any replacement equipment, for so long as such equipment is used. Otherwise the computer software or computer database does not meet the minimum functional requirements of this contract. In the event that there is any routine to disable the computer software or computer database after the software is developed for or delivered to the Government, that routine shall not disable the computer software or computer database until at least twenty-five calendar years after the delivery date of the affected computer software or computer database to the Government.

(d) No copy protection devices or systems shall be used in any computer software or computer database delivered under this contract to restrict or limit the Government from making copies. This does not prohibit license agreements from specifying the maximum amount of copies that can be made.

(e) Delivery by the Contractor to the Government of certain technical data and other data is now frequently required in digital form rather than as hard copy. Such delivery may cause confusion between data rights and computer software rights. It is agreed that, to the extent that any such data is computer software by virtue of its delivery in digital form, the Government will be licensed to use that digital-form with exactly the same rights and limitations as if the data had been delivered as hard copy.

(f) Any limited rights legends or other allowed legends placed by a Contractor on technical data or other data delivered in digital form shall be digitally included on the same media as the digital-form data and must be associated with the corresponding digital-form technical data to which the legends apply to the extent possible. Such legends shall also be placed in human readable form on a visible surface of the media carrying the digital-form data as delivered, to the extent possible.

(g)

EXCLUSION OF MERCURY (NAVSEA) (MAY 1998)

Mercury or mercury containing compounds shall not be intentionally added or come in direct contact with hardware or supplies furnished under this contract.

INCORPORATION OF REPRESENTATIONS AND CERTIFICATIONS

The Contractor's representations and certifications, submitted in response to the RFP that resulted in award of this contract, including any representations and certifications submitted via SAM are hereby incorporated by reference into this contract.

QUALIFICATION OF CONTRACTOR NONDESTRUCTIVE TESTING (NDT) PERSONNEL (NAVSEA) (APR 2004)

Documentation pertaining to the qualification and certification of NDT personnel shall be made available to the Contracting Officer for review upon request.

(b) These requirements do not apply with respect to nuclear propulsion plant systems and other matters under the technical cognizance of SEA 08. Because of health and safety considerations, such matters will continue to be handled as directed by SEA 08.

The Contractor need not implement any security requirement adjudicated by an authorized representative of the DoD CIO to be nonapplicable or to have an alternative, but equally effective, security measure that may be implemented in its place.
- (C) If the DoD CIO has previously adjudicated the contractor's requests indicating that a requirement is not applicable or that an alternative security measure is equally effective, a copy of that approval shall be provided to the Contracting Officer when requesting its recognition under this contract.
- (D) If the Contractor intends to use an external cloud service provider to store, process, or transmit any covered defense information in performance of this contract, the Contractor shall require and ensure that the cloud service provider meets security requirements equivalent to those established by the Government for the Federal Risk and Authorization Management Program (FedRAMP) Moderate baseline (<https://www.fedramp.gov/resources/documents/>) and that the cloud service provider complies with requirements in paragraphs (c) through (g) of this clause for cyber incident reporting, malicious software, media preservation and protection, access to additional information and equipment necessary for forensic analysis, and cyber incident damage assessment.
- (3) Apply other information systems security measures when the Contractor reasonably determines that information systems security measures, in addition to those identified in paragraphs (b)(1) and (2) of this clause, may be required to provide adequate security in a dynamic environment or to accommodate special circumstances (e.g., medical devices) and any individual, isolated, or temporary deficiencies based on an assessed risk or vulnerability. These measures may be addressed in a system security plan.
- (c) *Cyber incident reporting requirement.*
- (1) When the Contractor discovers a cyber incident that affects a covered contractor information system or the covered defense information residing therein, or that affects the contractor's ability to perform the requirements of the contract that are designated as operationally critical support and identified in the contract, the Contractor shall—
- (i) Conduct a review for evidence of compromise of covered defense information, including, but not limited to, identifying compromised computers, servers, specific data, and user accounts. This review shall also include analyzing covered contractor information system(s) that were part of the cyber incident, as well as other information systems on the Contractor's network(s), that may have been accessed as a result of the incident in order to identify compromised covered defense information, or that affect the Contractor's ability to provide operationally critical support; and
- (ii) Rapidly report cyber incidents to DoD at <http://dibnet.dod.mil>.
- (2) *Cyber incident report.* The cyber incident report shall be treated as information created by or for DoD and shall include, at a minimum, the required elements at <http://dibnet.dod.mil>.
- (3) *Medium assurance certificate requirement.* In order to report cyber incidents in accordance with this clause, the Contractor or subcontractor shall have or acquire a DoD-approved medium assurance certificate to report cyber incidents. For information on obtaining a DoD-approved medium assurance certificate, see <http://iase.disa.mil/pki/eca/Pages/index.aspx>.

Do not send the malicious software to the Contracting Officer.
- (e) *Media preservation and protection.* When a Contractor discovers a cyber incident has occurred, the Contractor shall preserve and protect images of all known affected information systems identified in paragraph (c)(1)(i) of this clause and all relevant monitoring/packet capture data for at least 90 days from the submission of the cyber incident report to allow DoD to request the media or decline interest.
- (f) *Access to additional information or equipment necessary for forensic analysis.* Upon request by DoD, the Contractor shall provide DoD with access to additional information or equipment that is necessary to conduct a forensic analysis.
- (g) *Cyber incident damage assessment activities.* If DoD elects to conduct a damage assessment, the Contracting Officer will request that the Contractor provide all of the damage assessment information gathered in accordance with paragraph (e) of this clause.

- (h) *DoD safeguarding and use of contractor attributional/proprietary information.* The Government shall protect against the unauthorized use or release of information obtained from the contractor (or derived from information obtained from the contractor) under this clause that includes contractor attributional/proprietary information, including such information submitted in accordance with paragraph (c). To the maximum extent practicable, the Contractor shall identify and mark attributional/proprietary information. In making an authorized release of such information, the Government will implement appropriate procedures to minimize the contractor attributional/proprietary information that is included in such authorized release, seeking to include only that information that is necessary for the authorized purpose(s) for which the information is being released.
- (i) *Use and release of contractor attributional/proprietary information not created by or for DoD.* Information that is obtained from the contractor (or derived from information obtained from the contractor) under this clause that is not created by or for DoD is authorized to be released outside of DoD—

- (k) The Contractor shall conduct activities under this clause in accordance with applicable laws and regulations on the interception, monitoring, access, use, and disclosure of electronic communications and data.
- (l) *Other safeguarding or reporting requirements.* The safeguarding and cyber incident reporting required by this clause in no way abrogates the Contractor’s responsibility for other safeguarding or cyber incident reporting pertaining to its unclassified information systems as required by other applicable clauses of this contract, or as a result of other applicable U.S. Government statutory or regulatory requirements.
- (m) *Subcontracts.* The Contractor shall—
- (1) Include this clause, including this paragraph (m), in subcontracts, or similar contractual instruments, for operationally critical support, or for which subcontract performance will involve covered defense information, including subcontracts for commercial items, without alteration, except to identify the parties. The Contractor shall determine if the information required for subcontractor performance retains its identity as covered defense information and will require protection under this clause, and, if necessary, consult with the Contracting Officer; and
 - (2) Require subcontractors to—
 - (i) Notify the prime Contractor (or next higher-tier subcontractor) when submitting a request to vary from a NIST SP 800-171 security requirement to the Contracting Officer, in accordance with paragraph (b)(2)(ii)(B) of this clause; and
 - (ii) Provide the incident report number, automatically assigned by DoD, to the prime Contractor (or next higher-tier subcontractor) as soon as practicable, when reporting a cyber incident to DoD as required in paragraph (c) of this clause.

USE OF NAVY SUPPORT CONTRACTORS FOR OFFICIAL CONTRACT FILES

(a) NAVSEA may use a file room management support contractor, hereinafter referred to as "the support contractor", to manage its file room in which all official contract files, including the official file supporting this procurement, are retained. These official files may contain information that is considered a trade secret, proprietary, business sensitive or otherwise protected pursuant to law or regulation, hereinafter referred to as "protected information". File room management services consist of any of the following: secretarial or clerical support; data entry; document reproduction, scanning imaging, or destruction; operation, management or maintenance of paper-based or electronic mail rooms, file rooms, or libraries; and supervision in connection with functions listed herein.

(b) The cognizant Contracting Officer will ensure that any NAVSEA contract under which these file room management services are acquired will contain a requirement that:

(1) The support contractor not disclose any information;

(2) Individual employees are to be instructed by the support contractor regarding the sensitivity of the official contract files;

(3) The support contractor performing these services be barred from providing any other supplies and/or services, or competing to do so, to NAVSEA for the period of performance of its contract and for an additional three years thereafter unless otherwise provided by law or regulation; and,

(4) In addition to any other rights the contractor may have, it is a third party beneficiary who has the right of direct action against the support contractor, or any person to whom the support contractor has released or disclosed protected information, for the unauthorized duplication, release, or disclosure of such protected information.

(c) Execution of this contract by the contractor is considered consent to NAVSEA's permitting access to any information, irrespective of restrictive markings or the nature of the information submitted, by its file room management support contractor for the limited purpose of executing its file room support contract responsibilities.

(d) NAVSEA may, without further notice, enter into contracts with other contractors for these services. Contractors are free to enter into separate non-disclosure agreements with the file room contractor. (Please contact Director, E Business Division for contractor specifics.) However, any such agreement will not be considered a prerequisite before information submitted is stored in the file room or otherwise encumber the government.
