DATA ITEM DESCRIPTION	2. Identification	
	Agency	Number
1. Title SOFTWARE,VERSION RECORD	BIW/LYS (DDG)	C31
3. Description or Purpose 3.1 The purpose of the Software Version Record is for the Seller to provide the Buyer identification of the software, including the name, version, and/or date of revision, equipment serial number or electronic control card number on which software is installed, as applicable. If equipment does not have software, send submittal indicating that fact. 3.2. For the purposes of this SDRL Item, “software” is defined as a combination of associated computer programs, instructions, and data definitions required to enable computer hardware to perform computational or control functions.	4. Approval Date 10/16/03	
	5. Office of Primary Responsibility BIW D-40EE	
	6.	
7. Application or Interrelationships 7.1 The Seller shall provide the data required for each equipment being delivered. 7.2 The equipment Seller is responsible for providing accurate information. 7.3 This SDRL shall be invoked as part of an Engineering Change Proposal, if required. 7.4 Future ship’s equipment may require software as part of change activity, even though they may not currently require it.	8.	
	9. References (Mandatory as cited in Block 10)	
10. Preparation Instructions 10.1 Submit one copy of the Software, Version Record to each of the Follow Shipbuilders. 10.2 Submit one copy of the Software, Version Record to LYS. 10.3 The Seller may select the format for submittal of a Software, Version Record. However, once a selection has been made, the same format shall be used throughout the life of the Purchase Order. Electronic submittal is acceptable if provided in Acrobat (.pdf) format. 10.4 The submittal shall provide the identification of the software, including the name, version, and/or date of revision, equipment serial number or electronic control card number on which software is installed, as applicable utilizing Seller’s format. If equipment does not have software, send submittal indicating that fact.
