Such successor expressly assumes, agrees to be bound by, and undertakes to perform each and every one of the provisions of this P.O., and further assumes all obligations and liabilities hereunder of the original Party to this P.O.

- 2.3 All rights of the Buyer with respect to this P.O. may be assigned by the Buyer to the Government, or to such other party as the Government may designate without change in the P.O. price except for any equitable adjustment that may arise due to changes in the place of delivery, or to any other party, without the Seller's consent.

3. CHANGES

- 3.1 Buyer may make changes within the general scope of this P.O. in any one or more of the following (at any time by written order):
- (a) drawings, designs or specifications where the Supplies to be furnished are to be specifically manufactured for the Buyer in accordance with the drawings, designs or specifications;

The Seller must submit any proposal for adjustment to the P.O. price or Delivery schedule or both as provided under this Clause within forty-five (45) days from the date of receipt by Seller of the change from Buyer.

- 3.5 Upon Seller's receipt of the written change order, nothing contained in this Clause shall relieve Seller from proceeding without delay in the performance of this P.O. as changed.

4. COMPLIANCE WITH LAWS

Seller warrants that in the performance of this P.O., Seller shall comply with all applicable Federal, State and local laws, orders, rules and regulations of government entities, whether or not such provisions are referenced elsewhere in this P.O. Seller covenants to indemnify and hold Buyer and its assignees harmless from, any and all loss, costs, damages, expenses or liability (including reasonable attorney's fees) incurred by Buyer and its assignees, by reason of Seller's violation of this warranty, or as a result of any failure of Seller to comply with any such laws and regulations.

5. CONFIDENTIALITY

- 5.1 The Seller and Buyer recognize that information disclosed to and/or acquired by each other hereunder may be confidential and/or proprietary to the disclosing Party, the disclosure of which to third Parties could result in irreparable harm to the Party furnishing such information. The Parties agree that each Party has the right to seek and obtain temporary, preliminary and permanent injunctive relief to restrain any unauthorized use or disclosure of its proprietary information in addition to all other remedies available to that Party in law or equity.
- 5.2 All information of a proprietary nature disclosed by one Party to the other Party hereto in connection with this P.O. and designated by the disclosing Party by an appropriate stamp, marking, or legend as being proprietary to the disclosing Party, shall be held in strict confidence by the receiving Party and shall not be duplicated, used or disclosed in whole or in part for any purpose except by the Seller under equivalent conditions of confidentiality, and to the extent strictly necessary to obtain Supplies or Services in the normal course of trade for the performance of this P.O. and to comply with other terms of this P.O.; and except by Buyer to the extent strictly necessary for its intended use as required by the Government under the Prime Contract. Buyer may disclose such information subject to equivalent conditions of confidentiality to their Sellers or prospective Sellers to the extent necessary for defining interface characteristics of Supplies to be delivered hereunder provided that they make such disclosure and restrictions on use as contained in this Clause.
- 5.3 The information to be held in confidence as provided in Paragraphs 5.1 and 5.2 hereof shall not include:
- (a) any information that is in the public domain at the time of disclosure to the receiving Party or thereafter comes into the public domain other than by breach by the receiving Party of this P.O.; or
 - (b) any information in the possession of the receiving Party prior to its receipt from the disclosing Party (except through prior disclosures in confidence), or which is independently developed by the receiving Party without resort to the disclosed proprietary information; or
 - (c) any information which the receiving Party rightfully obtains from a third Party without restriction; or
 - (d) any information for which the disclosing Party by written agreement authorizes its restricted use or disclosure.

If any portion of the Party's information falls within any one of the above exceptions, the remainder shall continue to be subject to the restrictions of this Clause.

- 5.4 Either Party disclosing or reproducing another Party's information hereunder shall replicate in any reproductions made any copyright and other intellectual or industrial property right marks and legends as appear on and/or in such information. Notwithstanding anything to the contrary in the foregoing sentence, in the case of a composite work created by Buyer containing any of the said information, the copyright in which vests in the Seller, the Seller hereby agrees to waive the said replication requirement if such composite work is marked with the legend:

"This is an unpublished work, the copyright in which vests in Bath Iron Works, Bath, ME. All rights reserved."

- 5.5 Nothing contained herein shall be construed to prevent either Party from complying with the requirement of a court or other regulatory body acting within its jurisdiction to compel disclosure, provided that in the event that either Party receives a demand or any other form of compulsory process from any such court or other regulatory body requiring the disclosure of the other Party's information, it shall promptly so advise the other Party, in writing, and cooperate to limit the disclosure to the minimum necessary to comply with the requirements of such demand or process as required by law.

6. DEFAULT

6.1 Buyer may, by written notice, terminate this P.O. in whole or in part, if the Seller:

- (a) fails to deliver the Supplies or to perform the Services within the time specified in the P.O. or any extension thereof; or
- (b) fails to make progress so as to endanger performance of this P.O.; or
- (c) fails to perform any of the other provisions of this P.O.; or
- (d) declares bankruptcy, suspends its business operation, or initiates any reorganization and/or arrangement for the benefit of its creditors.

Buyer's right to terminate this P.O. under subparagraphs (b) and (c) above shall be exercised if the Seller does not cure such failure within ten (10) days after receipt of a "Cure Notice" from Buyer specifying the failure.

6.2 If Buyer terminates this P.O. in whole or in part by reason of Seller's default, Buyer may acquire (reprocure) under the terms and conditions and in the manner Buyer considers reasonable and appropriate such similar Supplies or Services to those terminated. The Seller shall be liable to Buyer for any excess costs for Supplies or Services so acquired, it being understood that the Seller shall continue to work on that portion not terminated. With regard to the Seller's liability for excess costs:

- (a) except for defaults by Seller's subcontractors at any tier, the Seller shall not be liable for any excess costs if the failure to perform under the P.O. arises from causes beyond the control and without the fault or negligence of the Seller. Examples of such causes include acts or omissions on the part of Buyer; acts of God; civil strife; labor strikes; actions of the Government, or any sovereign government in its sovereign or contractual capacity; fires; floods; epidemics; quarantine restrictions; or freight embargoes.
- (b) if the delay or failure is caused by the delay or failure of a subcontractor of the Seller, and if such delay or failure arises out of causes beyond the reasonable control of both the Seller and the Seller's subcontractor, and without the fault or negligence of either of them, the Seller shall not be liable to Buyer for excess costs unless the subcontracted Supplies or Services to be furnished by the subcontractor were reasonably obtainable from other known sources in sufficient time to permit the Seller to meet the required Delivery schedule.

6.3 If the P.O. is terminated for default, Buyer may require the Seller to transfer title and deliver to Buyer or to the Government, any (i) completed Supplies and (ii) partially completed Supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information and contract rights (collectively referred to as "manufacturing materials" in this Clause), that the Seller has specifically produced or acquired for the terminated portion of the P.O. Seller shall also protect and preserve property in its possession in which Buyer has an interest.

6.4 Buyer shall pay the P.O. price for completed Supplies and Services previously delivered and accepted. The Parties shall agree on the amount of payment for manufacturing material delivered and accepted and for the production and preservation of the property. Failure to agree shall be deemed a dispute under the "Disputes" Clause of this P.O. The Seller may not withhold Supplies, or partially completed Supplies, or manufactured materials pending a resolution of any such dispute.

6.5 If, after termination for Seller's default, it is determined that the Seller was not in default, or that the default was excusable, the rights and obligations of the Parties shall be the same as if the termination had been for the convenience of Buyer under the Clause entitled "Termination for Convenience" of this P.O.

6.6 The rights and remedies of Buyer in this Clause are in addition to any other rights and remedies provided by law or under this P.O.

7. DELIVERY DATE AND EXCUSABLE DELAY

7.1 The Delivery Date(s) shall mean the date(s) as set forth in the P.O., or any modification thereto for the Delivery of the Supplies or performance of the Services specified in the P.O.

7.2 Notwithstanding any other provision in this P.O. to the contrary, the Seller shall not be liable for failure to perform any of its obligations under this P.O. arising out of causes beyond its reasonable control without Seller's fault or negligence, including, but not limited to, acts or omissions on the part of Buyer; acts of God; civil strife; labor strikes; actions on the part of the Government or sovereign government in its sovereign or contractual capacity; fires; floods; epidemics; quarantine restrictions; or freight embargoes.

7.3 If delay or failure arises out of causes beyond the reasonable control of both the Seller and the Seller's subcontractor, and without the fault or negligence of either of them, the Seller shall not be liable to Buyer for damages occasioned by delays in Delivery unless the Supplies or Services to be furnished by the subcontractor were reasonably obtainable from other known sources in sufficient time to permit the Seller to meet the required Delivery schedule.

7.4 In the event of an excusable delay under this Clause, the time of performance shall be extended by such period as may be deemed reasonable by the Buyer.

7.5 If and whenever it becomes apparent that progress in the furnishing of Supplies and Services is being or is likely to be delayed (whether or not such delay is excusable), the Seller shall within ten (10) working days of becoming aware of such delay give written notice to Buyer of the material circumstances including the cause or causes of the delay and shall give particulars of the expected effects thereof and estimate the extent of the expected delay in Delivery of the Supplies and Services beyond the Delivery date or dates set out in this P.O. Seller shall give such further written notices to Buyer as may be necessary or as Buyer may reasonably require to maintain awareness on the status of the delay in order to mitigate impact of the delay to Buyer's operation.

8. DISPUTES

8.1 Disputes:

- (a) "Dispute" as used herein shall mean any and all claims or disputes that in any way arise out of or relate to this P.O., the negotiation or execution thereof, its performance, or the breach or enforcement thereof. Buyer and Seller intend that the definition of "Dispute" shall have the broadest scope permitted by law and that, without limiting the generality of the foregoing, shall be deemed to include all claims between the parties including, but not limited to, any claims for fraud, misrepresentation, negligence, libel and slander, unfair competition, unfair trade practices, or other tort law claims. The foregoing notwithstanding, the parties also intend and agree that, because of the nature of such matters, the following claims are not subject to the agreement to negotiate set forth herein: (1) claims regarding ownership, validity, infringement, or misappropriation of either party's intellectual property; (2) claims regarding a breach of obligations relating to the Nondisclosure Agreement(s), if any, or Confidentiality clause herein.

- (b) This P.O. shall be interpreted and the rights and obligations of the Parties shall be determined in accordance with the laws of the State of Maine without reference to that state's conflict of laws. Except for the right of either party to apply to a court of competent jurisdiction for equitable relief necessary to preserve the status quo or prevent irreparable harm as established below, the parties agree that any Dispute between them or against any agent, employee, successor, or assign of the other shall be settled, to the extent possible by good faith negotiations. Any dispute, controversy or claim arising out of or in connection with this P.O., including without limitation, any dispute regarding the enforceability of any provision, which cannot be resolved through good faith negotiations within sixty (60) days or such longer period of time as may be mutually agreed between the Parties, shall be submitted to and finally resolved by a court of competent jurisdiction in the State of Maine.
- (c) Until final resolution of any Dispute hereunder, Seller shall proceed diligently with the performance of this P.O. unless otherwise directed by Buyer in writing. Each party acknowledges that the other party will suffer irreparable harm and that there is no adequate remedy at law if, pending settlement or any controversy or claim, the other party fails to diligently perform its obligations under this P.O. The non-breaching party shall be entitled to interim equitable relief or injunctive relief. In such an event, both parties hereby expressly consent to the jurisdiction of the courts in the State of Maine.
- (d) Buyer's rights under the terms and conditions of this P.O. are cumulative and in addition to any other rights available at law or equity.
- (e) This provision is not applicable to, and does not in any way limit any remedies available to a party with respect to, any dispute between either party to this P.O. and a third-party.

8.2 Disputes Related to Prime Contract:

- (a) Except for changes identified as such in writing and signed by Buyer, the Seller shall notify Buyer, in accordance with the Notices requirement, in writing promptly, within forty-five (45) days from the date that the Seller identifies any conduct (including actions, inactions, and written or oral communications) on the part of the Buyer that Seller regards as a change to or inconsistency with the contract terms and conditions.
- (b) Notwithstanding paragraphs 8.1(b) and 8.2(a), any Dispute arising under or related to this P.O., which Buyer could include in a claim or other demand under the disputes provisions of the prime contract, shall be resolved in accordance with 8.2(a) above, and as follows: (i) Seller shall provide Buyer with a fully supported written claim, properly certified as prescribed by FAR 33.207, within sixty (60) days after the claim accrues; (ii) Seller shall cooperate with Buyer in prosecuting Seller's timely made claim or demand and will be bound by the resulting decision of the Contracting Officer; and (iii) Seller shall pay its proportional costs in pursuing the claim. If Seller fails to provide Buyer with a written claim for any Dispute within the time frame prescribed hereunder, Seller is deemed to have waived the claim.
- (c) Buyer's entire liability to Seller with respect to any matter prosecuted under the prime contract disputes clause shall be limited to the recovery obtained against the Government for Seller's claim, exclusive of Buyer's related markups. If Seller is affected by the resulting decision and Buyer elects to appeal, Seller shall pay to Buyer Seller's proportion of the appeal costs. If Buyer elects not to appeal the decision, Buyer shall notify Seller of that decision within ninety (90) days. If Seller submits a timely request to Buyer to appeal such decision, Buyer shall file and sponsor Seller's appeal, at Seller's sole cost, if Buyer may do so in good faith. Buyer has the right to review, prior to submission, any pleadings or other papers Seller may file in such appeal. Seller agrees to delete any admissions or statements in the pleadings or papers to which Buyer objects. If Buyer appeals such decision, whether or not at Seller's request, any decision regarding such appeal shall be binding on Buyer and Seller as it relates to this P.O. The choice of law specified in the prime contract shall not apply to Disputes and appeals prosecuted under the prime contract.
- (d) Until final resolution of any Dispute hereunder, Seller shall proceed diligently with the performance of this P.O. unless otherwise directed by Buyer in writing.

9. ENVIRONMENTAL, SAFETY, AND OCCUPATIONAL HEALTH

The Seller shall provide design work in accordance with the P.O. scope of work that ensures the Supplies or Services can be tested, operated, maintained, repaired, and disposed of in accordance with Environmental, Safety, and Occupational Health (ESOH) statutes, regulations, policies, and, as applicable, environmental treaties and agreements (collectively termed regulatory requirements) and the requirements of this Clause. The Seller shall conduct ESOH analyses as described below:

- 9.1 ESOH Compliance.** The Seller shall regularly review ESOH regulatory requirements and evaluate their impact on the Program's life-cycle cost, schedule, and performance.
- 9.2 Safety & Health.** The Seller shall identify and evaluate safety and health hazards, define risk levels, and establish a safety program that manages the probability and severity of all hazards associated with development, use and disposal of the Supplies or Services.
- 9.3 Hazardous Material.** The Seller shall establish a hazardous materials management program to consistently reduce or eliminate the use of hazardous materials in Supplies or Services processes and products (Executive Order 13148). The Seller shall evaluate and manage the selection, use, and disposal of hazardous materials consistent with Environmental Safety and Occupational Health (ESOH) regulatory requirements and program cost, schedule, in the Supplies or Services and performance goals. Where the Seller cannot avoid, within schedule and cost constraints, using a hazardous material, the Seller shall develop and implement plans and procedures for identifying, minimizing use of, tracking, storing, handling, packaging, transporting, and disposing of such material. As alternate technologies become available, the Seller shall replace hazardous materials in the Supplies or Services through changes in their design, manufacturing, and maintenance processes, where technically and economically practicable. If any such change will cause an increase or decrease in the price, cost and/or delivery schedule, Seller shall first seek Buyer's consent to such a change before implementing the same.
- 9.4 Pollution Prevention.** The Seller shall identify and evaluate environmental and occupational health hazards and establish a pollution prevention program.
- 9.5 Explosives Safety.** The Seller shall comply with Department of Defense (DoD) and Department of Navy (DoN) explosives safety requirements. The Seller shall ensure that munitions, explosives, and energetics are properly transported, handled, loaded, stored, and maintained.
- 9.6 Environmental Impact.** The Seller shall identify the impacts of the Supplies or Services on the environment during its life (including disposal), the types and amounts of pollution from all sources (air, water, noise, etc.) that will be released into the environment, actions needed to prevent or control the impact, ESOH risks associated with using the new Supplies or Services, and other information needed to identify source reduction, alternative technologies, and recycling opportunities. The pollution prevention program shall serve to minimize impacts on the environment and human health, as well as environmental compliance impacts on program Total Ownership Cost (TOC). A fundamental purpose of the pollution

prevention program is to identify and quantify impacts, such as noise, as early as possible during system development, and to identify and implement actions needed to prevent or abate the impacts. In developing contract documents such as work statements, specifications, and other product descriptions, the Seller shall eliminate the use of virgin material requirements, as practicable. The Seller shall further consider life-cycle costs, recyclability, the use of environmentally preferable products, waste prevention (including toxicity reduction or elimination), and disposal, as appropriate.

10. EXAMINATION OF RECORDS

- 10.1** Seller agrees that Buyer, the Contracting Officer or other duly authorized Government Representative shall, until the expiration of three (3) years after final payment under this P.O., have access to and the right to examine any directly pertinent books, documents, papers, and records involving transactions pertaining to this P.O.
- 10.2** The periods of access to and right of examination of records which relate to (i) Buyer's appeals under the "Disputes" Clause of the Prime Contract, (ii) litigation or settlement of claims arising out of the Prime Contract, or, (iii) cost and expenses of the Prime Contract or this P.O. shall continue until such appeals, litigation, or claims have been finally disposed of.

11. EXPORT COMPLIANCE

Exports of Data exchanged under this P.O. may be subject to the export laws of the United States, including, but not limited to, the U.S. International Traffic in Arms Regulations (ITAR), the Export Administration Act (EAA), the Trading With the Enemy Act (TWEA), and the International Economic Emergency Powers Act (IEEPA). The Parties shall not export, disclose or transfer any such data directly or indirectly without compliance with these and any other applicable laws and regulations.

12. GOVERNING LAW

The Parties agree that irrespective of the place of performance of this P.O., the P.O. shall be construed and interpreted, according to Federal Common Law and the Federal Contract Law as enunciated and applied by the Federal courts, boards of contract appeals and other administrative and quasi-judicial bodies of the Federal Government. To the extent the Federal Common Law and Federal Contract Law is not determinative, the laws (both substantive and procedural) of the State of Maine in effect at the time of the execution of this P.O. shall apply as the same would be applied to transactions between residents of the State to be fully performed within the State and without regard to the State's conflict of laws principles. Any action by either Party against the other shall be brought before any court in the State of Maine, as applicable.

13. INSPECTION

For the purposes of this Clause the term "Supplies and Services" includes without limitation raw materials, components, intermediate assemblies, and end products.

13.1 Inspection Authority

- (a) Buyer may designate an individual as the Quality Assurance Representative (QAR) to whom all matters concerning Buyer's quality requirements on each P.O. shall be referred by the Seller. The designated QAR and his QAR staff shall possess the necessary Governmental and Company security clearances to be admitted to Seller's facilities and to inspect and test Supplies and review related quality assurance documentation.
- (b) If required, deliverable Supplies will be tested and approved for shipment at the location specified in the P.O.

13.2 Notice of Testing

Seller shall inform the QAR by written notice the date of any testing required by this P.O. Such notice shall be provided at least thirty (30) days prior to the actual test date.

13.3 Inspection

- (a) All Supplies shall be subject to inspection and test by the QAR (and/or the Government) at all reasonable times including the period of manufacture and performance and, in any event prior to Acceptance.
- (b) In case any Supplies and Services or lots of Supplies or Services are defective in material or workmanship or otherwise not in conformity with the requirements of this P.O., the QAR shall have the right to reject them, to require their correction, or, in the case of Services, their reperformance.
- (c) All inspections and tests by the Buyer at Seller's facilities shall be performed in such a manner as not to unduly delay the work. Should the performance of such inspection or test unduly delay the work of Seller, such delay shall be excusable within the meaning of the Clause entitled "Delivery Date and Excusable Delays," and Seller shall be entitled to an equitable adjustment in price and/or Delivery pursuant to the Clause entitled "Changes." Buyer reserves the right to charge to the Seller any additional cost to Buyer for inspection and testing when Supplies and Services are not ready at the time stipulated for such inspection or test by Seller's aforementioned notice or if reinspection or retest is necessitated by prior rejection.
- (d) Final acceptance or rejection of the Supplies or Services shall be made as promptly as practicable, but no later than sixty (60) days after Delivery of the Supplies or Services to the F.O.B. Destination point; or performance and inspection of the Services as applicable. Failure by Buyer to inspect and accept or reject Supplies or Services shall not relieve the Seller of responsibility for supply of such Supplies or Services in strict accordance with the P.O. requirements.
- (e) The inspection or test by the Buyer of any Supplies or Services or lots thereof does not relieve the Seller from any responsibility regarding defects or other failures to meet the requirements of this P.O. which may be discovered prior to final acceptance. Except as otherwise provided in this P.O., final acceptance shall be conclusive except in regard to Latent Defects, fraud, or such gross mistakes as amount to fraud or negligence.
- (f) The Seller shall provide and maintain an inspection system in accordance with the Specifications covering the Supplies and Services hereunder. Records of all inspection work by the Seller shall be kept complete and available to the designated QAR during the performance of this P.O. and for such longer period as may be specified elsewhere in this P.O.
- (g) Notwithstanding the requirements for any inspection and test contained in Specifications applicable to this P.O., except where inspections or tests are specified for performance solely by the Buyer, the Seller shall perform or have performed the inspection and test required to substantiate that the Supplies and Services provided under this P.O. conform to the drawings, Specifications and P.O. requirements listed herein.

14. INTELLECTUAL PROPERTY RIGHTS

14.1 Copyright

All specifications, drawings, technical descriptions and other data ("Data") acquired from the Seller in connection with this P.O. are the copyright of the Seller, except where expressly stated otherwise on such Data, and shall be treated as unpublished works.

14.2 Patent Indemnity

The Seller shall indemnify Buyer against claims by owners or licensees of patents and registered designs of the United States for infringement thereof by use of sale of the Supplies or Services, PROVIDED:

- (a) This Indemnity shall not extend to infringements resulting from use by the Seller of Buyer's parts, designs or specific instructions or from use or sale in combination with other Supplies where infringements would not have otherwise occurred; and
- (b) Buyer shall immediately inform the Seller of claims, shall make no settlement or admission and shall permit the Seller alone (and at the Seller's expense) to deal with claims.

Whenever any notice is required or authorized to be given hereunder, such notice shall be sent by email or registered mail or confirmed receipt to the respective individuals identified in the P.O.

20. NOTIFICATION OF CHANGES

20.1 The purpose of this Clause is to provide Buyer with the prompt reporting of any conduct which the Seller considers would constitute a change to this P.O. and/or Buyer's Prime Contract. The Parties acknowledge potential changes are to be identified and resolved as they arise. Therefore, except for written change orders issued by Buyer, Seller shall notify Buyer of any conduct which Seller considers constitutes or requires a change to this P.O. and/or Buyer's Prime Contract. Such notice shall be provided promptly and in any event within twenty (20) calendar days from the date the Seller identifies any such conduct. As used in this Clause, the term "conduct" includes both actions and failures to act, and the furnishing of, or the failure to furnish, any Supply under any provision of this P.O. The notice shall be written and shall state, on the basis of the most accurate information available to the Seller:

- (a) the date, nature and circumstances of the conduct regarded as a change;
- (b) the name, function and activity of the individuals directly involved in or knowledgeable about such conduct;
- (c) the identification of any documents and the substance of any oral communication involved in such conduct;
- (d) the particular elements of P.O. performance for which the Seller might seek an equitable adjustment under this Clause, including:
 - (1) what Supplies and Services have been or might be affected by the potential change;
 - (2) to the extent practicable, labor or materials or both which have been or might be added, deleted, or wasted by the potential change;
 - (3) to the extent practicable, the Seller's preliminary order of magnitude estimate of cost and schedule effect of the potential change; and
 - (4) what and in what manner are the particular technical requirements or P.O. requirements regarded as changed.

20.2 Except as provided in Paragraph 20.5 below, following submission of notice the Seller shall take no action to implement a potential change until advised by Buyer in writing as provided in Paragraph 20.3 below, unless the potential change was previously directed by Buyer, in which case the Seller shall conform therewith. Nothing in this Clause shall excuse the Seller from proceeding with P.O. work in accordance with directions issued by Buyer.

20.3 Buyer shall promptly, and in any event within twenty (20) calendar days after receipt of notice, respond thereto in writing. In such response, Buyer shall either:

- (a) confirm that the conduct of which the Seller gave notice would constitute a change, and when necessary, direct the mode of further performance, or;
- (b) countermand any conduct regarded by Seller as a change, or;
- (c) deny that the conduct of which Seller gave notice would constitute a change and, when necessary, direct the mode of further performance, or;

Failure of Buyer to respond within the time required above shall be deemed a countermand under Paragraph 20.3(b).

20.4 Equitable adjustments for changes confirmed by Buyer shall be made in accordance with the Clause entitled "Changes" or any other provision of this P.O. which provides for an equitable adjustment.

20.5 Paragraph 20.2 above provides that Seller is to take no action to implement a potential change pending Buyer's response to Seller's notice of the potential change except where specifically directed by Buyer. In special situations, however, where:

- (a) the circumstances do not allow sufficient time to notify Buyer of the facts prior to the need to proceed with the work, and;

- (b) the work must proceed to avoid hazards to personnel or property or to avoid additional cost to Buyer, Seller may proceed with work in accordance with the potential change. In such special situations, Seller shall advise Buyer in writing within five (5) days of the conduct giving rise to the potential change that Seller has proceeded and shall describe the nature of the special situation which required proceeding prior to notification. Within twenty (20) days of the conduct giving rise to the potential change, the Seller shall provide notice as required in Paragraph 20.1 above. Buyer shall respond as set forth in Paragraph 20.3 above. If Buyer determines that the conduct constitutes a change and countermands it, Seller shall be entitled to an equitable adjustment for performance in accordance with that change prior to the countermand including performance resulting from the countermand.

20.6 When Seller identifies any conduct, which may result in delay of delivery of the Supplies and Services, Seller shall promptly so inform Buyer thereof prior to providing the notice required by Paragraph 20.1 above.

(C) If the DoD CIO has previously adjudicated the contractor's requests indicating that a requirement is not applicable or that an alternative security measure is equally effective, a copy of that approval shall be provided to the Contracting Officer when requesting its recognition under this contract.

(D) If the Contractor intends to use an external cloud service provider to store, process, or transmit any covered defense information in performance of this contract, the Contractor shall require and ensure that the cloud service provider meets security requirements equivalent to those established by the Government for the Federal Risk and Authorization Management Program (FedRAMP) Moderate baseline (<https://www.fedramp.gov/resources/documents/>) and that the cloud service provider complies with requirements in paragraphs (c) through (g) of this clause for cyber incident reporting, malicious software, media preservation and protection, access to additional information and equipment necessary for forensic analysis, and cyber incident damage assessment.

(3) Apply other information systems security measures when the Contractor reasonably determines that information systems security measures, in addition to

These measures may be addressed in a system security plan.

(c) *Cyber incident reporting requirement.*

(1) When the Contractor discovers a cyber incident that affects a covered contractor information system or the covered defense information residing therein, or that affects the contractor's ability to perform the requirements of the contract that are designated as operationally critical support and identified in the contract, the Contractor shall—

(i) Conduct a review for evidence of compromise of covered defense information, including, but not limited to, identifying compromised computers, servers, specific data, and user accounts. This review shall also include analyzing covered contractor information system(s) that were part of the cyber incident, as well as other information systems on the Contractor's network(s), that may have been accessed as a result of the incident in order to identify compromised covered defense information, or that affect the Contractor's ability to provide operationally critical support; and

(ii) Rapidly report cyber incidents to DoD at <http://dibnet.dod.mil>.

(2) *Cyber incident report.* The cyber incident report shall be treated as information created by or for DoD and shall include, at a minimum, the required elements at <http://dibnet.dod.mil>.

(3) *Medium assurance certificate requirement.* In order to report cyber incidents in accordance with this clause, the Contractor or subcontractor shall have or acquire a DoD-approved medium assurance certificate to report cyber incidents. For information on obtaining a DoD-approved medium assurance certificate, see

Do not send the malicious software to the Contracting Officer.

(e) *Media preservation and protection.* When a Contractor discovers a cyber incident has occurred, the Contractor shall preserve and protect images of all known affected information systems identified in paragraph (c)(1)(i) of this clause and all relevant monitoring/packet capture data for at least 90 days from the submission of the cyber incident report to allow DoD to request the media or decline interest.

(f) *Access to additional information or equipment necessary for forensic analysis.* Upon request by DoD, the Contractor shall provide DoD with access to additional information or equipment that is necessary to conduct a forensic analysis.

(g) *Cyber incident damage assessment activities.* If DoD elects to conduct a damage assessment, the Contracting Officer will request that the Contractor provide all of the damage assessment information gathered in accordance with paragraph (e) of this clause.

(h) *DoD safeguarding and use of contractor attributional/proprietary information.* The Government shall protect against the unauthorized use or release of information obtained from the contractor (or derived from information obtained from the contractor) under this clause that includes contractor attributional/proprietary information, including such information submitted in accordance with paragraph (c). To the maximum extent practicable, the Contractor shall identify and mark attributional/proprietary information. In making an authorized release of such information, the Government will implement appropriate procedures to minimize the contractor attributional/proprietary information that is included in such authorized release, seeking to include only that information that is necessary for the authorized purpose(s) for which the information is being released.

(i) *Use and release of contractor attributional/proprietary information not created by or for DoD.* Information that is obtained from the contractor (or derived from information obtained from the contractor) under this clause that is not created by or for DoD is authorized to be released outside of DoD—

(1) To entities with missions that may be affected by such information;

(2) To entities that may be called upon to assist in the diagnosis, detection, or mitigation of cyber incidents;

(3) To Government entities that conduct counterintelligence or law enforcement investigations;

(5) To a support services contractor ("recipient") that is directly supporting Government activities under a contract that includes the clause at [252.204-7009](#), Limitations on the Use or Disclosure of Third-Party Contractor Reported Cyber Incident Information.

(j) *Use and release of contractor attributional/proprietary information created by or for DoD.* Information that is obtained from the contractor (or derived from information obtained from the contractor) under this clause that is created by or for DoD (including the information submitted pursuant to paragraph (c) of this clause) is authorized to be used and released outside of DoD for purposes and activities authorized by paragraph (i) of this clause, and for any other lawful Government purpose or activity, subject to all applicable statutory, regulatory, and policy based restrictions on the Government's use and release of such information.

(k) The Contractor shall conduct activities under this clause in accordance with applicable laws and regulations on the interception, monitoring, access, use, and disclosure of electronic communications and data.

(l) *Other safeguarding or reporting requirements.* The safeguarding and cyber incident reporting required by this clause in no way abrogates the Contractor's responsibility for other safeguarding or cyber incident reporting pertaining to its unclassified information systems as required by other applicable clauses of this contract, or as a result of other applicable U.S. Government statutory or regulatory requirements.

(m) *Subcontracts.* The Contractor shall—

(1) Include this clause, including this paragraph (m), in subcontracts, or similar contractual instruments, for operationally critical support, or for which subcontract

performance will involve covered defense information, including subcontracts for commercial items, without alteration, except to identify the parties. The Contractor shall determine if the information required for subcontractor performance retains its identity as covered defense information and will require

protection under this clause, and, if necessary, consult with the Contracting Officer; and

(2) Require subcontractors to—

(i) Notify the prime Contractor (or next higher-tier subcontractor) when submitting a request to vary from a NIST SP 800-171 security requirement to the Contracting Officer, in accordance with paragraph (b)(2)(ii)(B) of this clause; and

(ii) Provide the incident report number, automatically assigned by DoD, to the prime Contractor (or next higher-tier subcontractor) as soon as practicable, when reporting a cyber incident to DoD as required in paragraph (c) of this clause.
