

2 (3D) Teachers Area Mockup

**Plan Update Notes:**

1. Relocated crib rooms to hallway side
2. Subtracted 1 preschool room for additional toddler room, relocated tin plan west
3. Preschool Rooms are very tight on SF, single bathroom with wash area. Could potentially get second bathroom in preschools with direct entry into gross motor room.
4. Laundry room added off break room
5. Wellness room added off infant room
6. Pullout rooms not added due to sf limitations
7. "Wash area" added in toddler and 2 of the preschool rooms
